10/1/2013

Dear member,

I am pleased to inform you that after many weeks of deliberations on the reviews and feedback of our activities, HKAOK is now ready to embark upon our next phase of development – setting up *Hong Kong Cornea & Contact Lens Society (HKCCLS)*, a branch of HKAOK.

This move will allow us to expand our scope of activities to include general contact lens practice. A good orthokeratology practitioner should first of all be a good contact lens practitioner and our members have expressed needs for continuing education and activities on general as well as specialty contact lens practice.

Not too long ago, you were informed about HKAOK's intention to host a Mini Contact Lens Symposium in Guangzhou in March 2013. I would like to take this opportunity to inform you that due to unforeseen circumstances, **we have to cancel this event in Guangzhou. Instead, however, HKCCLS will organize two events in March.**

6th March (repeats on 7th March)	
AM	<i>Contact Lens CE (Jointly organized by HKCCLS & TVCI)</i>
PM	<i>HKCCLS Mini Contact Lens Symposium</i>

The HKCCLS Mini Contact Lens Symposium consists of a half-day programme and members may choose to attend these events ***EITHER*** on the **6th or the 7th March 2013**. We have prepared a very interesting programme for you with invited guest speakers from Hong Kong, USA, Canada, UK, Singapore, and China (see attached).

We believe that HKCCLS/HKAOK will help our members to stay abreast of the latest advances in general and specialty contact lens field and to strive and maintain the highest ethical and professional standard of patient care.

Please let me know if you have any questions or if we can be of assistance to you in the future.

We thank you for your support the past year and we look forward to your continuing participation and support, either under HKAOK or HKCCLS.

Sincerely,

Pauline

Pauline Cho
President

HKCCLS/HKAOK

6th / 7th March 2013

HKCCLS & TVCI CE

&

HKCCLS Mini Contact Lens Symposium
